

CyberShield Technologies, LLC

Capability Statement

Executive Summary

CyberShield Technologies provides fractional CISO and senior security leadership services to mid-market professional firms and portfolio companies. Our founder, Chris Trudeau, brings 20+ years of hands-on cybersecurity experience directly to every engagement — no junior staff, no account managers between you and expertise.

Service Offerings

- Fractional CISO Advisory
- Security Program Development
- Risk Assessment & Management
- Compliance Framework Implementation (SOC 2, HIPAA, PCI-DSS, NIST, ISO 27001, CMMC)
- Incident Response Planning
- Vendor Security Audit Support
- Board-Level Reporting & Governance
- M&A; Security Due Diligence
- Cyber Insurance Documentation

Target Markets

- Law Firms
- Accounting & CPA Firms
- Healthcare Groups & DSOs
- PE-Backed Companies (\$20M–\$150M revenue)
